Let's start with some great news of our Star of the Quarter (June)

Well done to Richborough Energy Park security officer Steven Thornton for the excellent role he plays at the gatehouse. Steve recently joined us back in March this year to take up the position at this prestigious site. Presenting Steve with his voucher is Ian Stone FMC Uk Project Manager who oversees 2 sites that Supreme has the privilege to cover.

Updates from ACAS

We take your welfare very seriously at Supreme therefore in order for us to help you in every way we can, we want to give you the tools to help you & us achieve the right goals to ensure your mental health & welfare support you whilst at work or at home.

We wanted to highlight to you why at times our Vetting can take some time if we do not get all

of the right information from you. We are extremely proud at Supreme Guarding Services Ltd as every officer is BS7858 vetted and it's important for all of our team to know that the consent each of you give with your personal data to NVS is held securely. The SIA is clamping down on those companies that claim to be an Approved Contractor & vet their officers to the Standard.

We would like to thank all of you for the last quarter, your hard work & dedication to keep going when we know that with the cost of Living increases, train strikes occur. Please check our website for career opportunities or be sure to pick up a call with your Line Manager to discuss further development & opportunities
